EDUCATION

Ph.D. in Computer Science, University of Tübingen, Germany.

2018 - Present

M.Sc. in Applied Mathematics, Joint Erasmus Mundus Master Program,

University of Hamburg (primary), Germany,

University of L'Aquila (secondary), Italy.

2015 - 2017

B.Sc. in Pure Mathematics, Iran University of Science and Technology, Iran.

2009 - 2014

WORK EXPERIENCES

Senior Researcher, University of Tübingen, Germany.

June 2022 - Present

Designing algorithms to address reinforcement learning problems with perturbed rewards and inverse reinforcement learning problems in multi-agent systems.

Consultant on Algorithm Development, Datalyze Solutions GmbH, Germany.

May 2022 - July 2022 · Freelance

Algorithm design and development of optimization problems for real-time task planning in changing environments.

Research Assistant, Technical University of Berlin, Germany.

May 2018 - May 2022

Developing frameworks and algorithms to model and solve online learning problems with partial feedback in dynamic environments with various characteristics, such as causal relations, costly features, and high-dimensional features.

Guest Researcher, Hamburg University of Technology, Germany.

November 2017 - March 2018

Applying kernelized principal component analysis, support vector machines, and ϵ -support vector regression for modelling systems of high complexity.

🔗 [guchis/Dimensionality-Reduction-Using-KPCA](#)

ACADEMIC EXPERIENCES AND APPEARANCES

Teaching Assistant, University of Tübingen, Germany.

October 2022 - Present

October 2021 - March 2022

Introduction to Game Theory with Application in Multi-Agent Systems.

Supervision, Technical University of Berlin and University of Tübingen, Germany.

May 2021 - May 2022

Supervising bachelor and master students to design learning algorithms.

Reviewer: AISTATS 2023 – IEEE ISIT 2022 – AISTATS 2021 – IEEE TCNC.

Talks and Presentations:

September 2022 University of Tübingen
July 2022 IJCAI 2022
November 2021 University of Tübingen
June 2021 University of Tübingen
April 2021 University of Tübingen
September 2017 Hamburg University of Technology

SKILLS

Programming Languages	• Python (Proficient) • Matlab (Good) • Simulink (Basic).
Packages	Pytorch, Keras, Tensorflow, Pandas, Numpy, Matplotlib.
Languages	• English (Fluent) • Persian (Native) • German (Basic)
Academic Writing	Ability to convey technical information in a clear and concise style.

AWARDS AND HONORS

September 2015 Admission as one of the top students for master studies.
August 2015 Full scholarship from the Erasmus Mundus program (from EU).
September 2009 Admission as one of the top students for bachelor studies.
